Organic and flowing.

Rolf Benz ONDA is as versatile as it is simple: it combines practical modularity with organic and soft shapes while offering all the customisation options of a classic system range. The soft overall shape of the sofa can be determined completely in line with your preferences by choosing individual elements to match your floor plan. Then choose the relevant foot design in accordance with your design preferences, along with the seat height and the upholstery comfort based on your ergonomic needs. The interplay of the dynamic, curved shapes, the cosy, lounge-like cushions, superlative seating comfort and lovingly-selected materials make relaxing and instantly feeling great easy.

Where freedom lives.

The organic-shaped Rolf Benz ONDA concept sofa range creates a very special place. A place in which you can find time for yourself. Time to do what makes you feel good. Rolf Benz ONDA is a modular sofa range which, with its flowing language of form, its sensuously opulent and yet modern appearance, provides instant inspiration. And not least due to the various optional additions that help you put together your very own personal dream sofa.
